| <b>PRODUCTION</b>            | Limited Edition of 6.630 bottles  |
| <b>ALCOHOL</b>               | 14,3% by vol.   |
| <b>WINEMAKING NOTES</b>      | Each variety gives the best of herself in order to make a unique wine that expresses the character of the Uco area. The Malbec provides mouth-filling, roundness and aromas of red jams.<br>The Cabernet Sauvignon gives a silky structure, a particular character and spicy notes.<br>The Merlot offers notes of black fruit, finesse and elegance.<br>It is a round wine in mouth with personality all of its own. The smoky aftertaste is persistent and long. |
| <b>PAIRING</b>               | It is ideal for paring with red meat roasts, game meats, pastas and hard cheeses.   |
| <b>TO SERVE</b>              | It may contain totally natural sediments that do not affect quality. We recommend decanting this wine before drinking. Suggested temperature: 16°C - 18°C.  |

**WINEMAKER:** Federico Laborde

**ARTIST:** Renata Wur

**ART NAME:** Harvesting in April

Just as art satisfies its creator's need for expression, wine quenches the winegrower's desire to capture the identity of his terroir in Uco Valley.
